Frequently asked questions:

How does renewal for the next session work?

MGA's class program runs continuously from September through June in both curriculum and enrollment. For billing purposes, the year is divided into Sessions, and we use an auto-renew system for convenience. If you wish to cancel, notice must be provided via Change of Enrollment form on our website before the next session begins.

Can students join in the middle of a session?

Yes! New students are welcome to join at any time, and tuition will be prorated based on your start date.

Can students in the class program make up missed days?

Yes! We offer up to 2 make-up classes per session, based on availability. While we'll do our best to fit you in, make-ups aren't guaranteed—so be sure to schedule early!

Are students automatically enrolled in the Summer Session?

NO—Summer runs on a special schedule, so you'll need to register separately to join the fun!
