

MGA

IS

BACK!

Welcome back everyone!

MGA is back with our **PHASE-IN** approach! We want you and our gymnasts to feel comfortable coming back to class! Safety has always been **MGA's NUMBER 1** priority!

MGA's back with our **NEW** safety and cleaning protocols, along with social distancing guidelines which have been approved by our local Board of Health.

We are dedicated to keeping everyone safe while staying true to the fun and family environment that has been the MGA trademark for almost 9 years!

What is a Phase-In approach?

We have organized our re-opening into 3 phases: **Red** will be our most cautious stage, **yellow** slightly relaxed, and **green** being the closest to normal, while still acting with caution to create a safe environment in a responsible manner!

Please understand we do not have an exact timeline as to when we will progress through each phase, and that each phase may need modifications as we move along. We will continue to follow the guidance of Governor Murphy, the CDC and the local Health Department.

Please do not hesitate to contact us with any questions. We know how important it is for children's physical and emotional well being to be involved in activities. We are committed to making sure we can continue providing a safe environment for the entire MGA community!

Stay well everyone, and wash those hands!
